

NÚT DÂY TRONG CUỘC SỐNG

Trong đời sống thường ngày, việc sử dụng dây để thắt, buộc, bó, kéo, treo, neo là thường xuyên xảy ra. Cũng như trong hoạt động kỹ năng dã ngoại, việc sử dụng nút dây để ứng dụng trong đời sống trại rất quan trọng và cần thiết. Chính nhờ nút dây chúng ta mới có thể dựng được túp lều, giá chén, cột cờ, cổng trại, cầu treo... Nhưng không đơn thuần là chỉ cột dây cho thật chặt và dựng lên cho có, mà chúng ta phải thắt làm sao cho đúng nút, đúng kỹ thuật, chắc chắn, an toàn và đẹp. Để làm được điều này thì kiến thức nút dây ta cần phải có và có kiến thức nút dây rồi thì chúng ta mới biết ứng dụng được cho từng trường hợp.

Qua tập tư liệu, CLB Sao Bắc Đẩu cùng Khoa kỹ năng Trường Đoàn Lý Tự Trọng xin giới thiệu đến các bạn một số nút dây thông dụng... Mong rằng, nó sẽ giúp ích cho các bạn một phần nào đó trong đời sống hằng ngày.
